ABOUT US

It all started with an idea in 2017 and soon became Bennie's dream pizza pub in April of 2018. Bennie was born and raised in Belleville and his family history is important to him., which is why our logo was designed in his father, Bennie Sr.'s signature., and his photo hangs proudly in our main dining room. We want every guest to feel warm and welcomed when they come here, and we want them to have an experience they will take with them, no matter what part of the world they call home.
